COMPANY PROFILE

Hritik Chemicals Private Limited is a leading importer, stockist and pan India distributor of industrial solvents, organic chemicals, process intermediates, inorganic chemicals and pharmaceutical excipients.

Backed by a well established sourcing network spanning domestic manufacturers and global suppliers, we supply raw materials that power the paints and coatings, pharmaceuticals, agrochemicals, dyes and pigments, adhesives, personal care and specialty chemical manufacturing sectors.

With more than 25 years of industry experience, we combine deep sourcing relationships, rigorous quality control and an efficient pan India logistics network — supplying material in both tanker and drum quantities — to ensure every customer receives consistent quality, competitive pricing and dependable, on time supply.

Today our portfolio spans 200+ products across solvents, amines, organic acids, esters and ethers, acid chlorides, inorganic chemicals and pharmaceutical excipients, backed by responsive customer service and a resilient, nationwide supply chain reaching every industrial hub in India. We also cater to various other industries and specialized manufacturing sectors across India.
