

HRITIK CHEMICALS PRIVATE LIMITED
MUMBAI, INDIA

ACTIVE PHARMACEUTICAL INGREDIENTS

A Focused API Portfolio. Built for Precision.

Essential Actives for Pharmaceutical Manufacturing.

EST. 1998 | 2 PRODUCT PLATFORMS | MUMBAI, INDIA

COMPANY STORY

Built for export since 1998.

Hritik Chemicals was founded in Mumbai in 1998 to supply chemicals across borders. Every export teaches the same lesson: the chemistry is only half of the order. The other half is the paperwork, the packing and the answers an importer needs before the goods move.

So that is how we are built. We source each chemistry from a qualified Indian manufacturer chosen for that product, and we keep control of everything an importer depends on: the specification, the batch release, the Certificate of Analysis, the Safety Data Sheet, UN-approved packing and the export documents for your market.

Our API range is deliberately narrow. Dimethindene maleate and halquinol are supplied from established manufacturing partners; the other actives are sourced against the importer's specification, and we state which is which before any export offer is made.

We are measured by the consignment that reaches your port.

1998

Founded in Mumbai

Established as a chemical exporter and importer.

Sourcing

Qualified manufacturing network

Indian partners assessed for process capability and quality systems, each matched to the chemistries it makes best.

Compliance

Export-ready documentation

Certificate of Analysis, Safety Data Sheet, UN-approved packing and destination paperwork prepared before dispatch.

Today

API portfolio

9 actives across human and veterinary health, each with its supply route stated plainly.

YOUR POINT OF CONTACT

OPERATING MODEL

Qualified manufacturing. Single-point accountability.

Hritik Chemicals supplies active pharmaceutical ingredients through a qualified manufacturing partner network. We keep the portfolio deliberately focused and state the supply route for every active, so a buyer knows at enquiry whether a partner is already in place.

THE SUPPLY CYCLE

HCPL MANAGES EVERY STEP

THE MODEL IN PRACTICE

QUALIFIED MANUFACTURING NETWORK

Selected Indian manufacturing partners, assessed for process capability, quality systems and regulatory readiness.

SPECIFICATION CONTROL

Supply aligned to the customer's stated specification, confirmed before an offer is issued.

QUALITY OVERSIGHT

Defined quality and documentation processes, with a Certificate of Analysis released against every consignment.

INTERNATIONAL SUPPLY

Export documentation and packaging aligned to destination requirements and applicable hazard classification.

SINGLE-POINT ACCOUNTABILITY

One commercial and technical interface, from first enquiry through qualification, sampling, production and delivery.

Disclosure. Manufacturing site details, certifications and regulatory documentation are shared with qualified buyers under confidentiality. Where a product requires a specific pharmacopoeial standard or destination-market registration, the position is established before commercial terms are agreed.

CAPABILITY

Why Hritik Chemicals

Six things a buyer can hold us to. Each is a statement of how we operate, not a claim about scale.

01

Since 1998

Established experience in chemical sourcing, supply and export.

02

Qualified manufacturing network

Selected Indian manufacturing partners, assessed before they enter the network.

03

Specification control

Supply matched to the customer's requirement rather than to what is available.

04

Quality and documentation

Certificate of Analysis, Safety Data Sheet, specification and the export documentation your market requires.

05

International supply

Packaging and paperwork aligned to destination regulation and hazard classification.

06

Single-point accountability

One commercial and technical point of contact throughout the supply cycle.

CERTIFIED MANAGEMENT SYSTEMS

ISO
9001
2015**Quality management**

Covers partner qualification, specification control and batch release against Certificate of Analysis, and sets out how a non-conformance is handled when one occurs.

ISO
14001
2015**Environmental management**

Applies to waste, hazardous goods handling, packing and transport. It is also one of the criteria we assess partner sites against.

Certification scope. Certificate numbers, issuing body and scope of registration are provided on request. Where a certification is held by a manufacturing partner rather than by Hritik Chemicals, that is stated at enquiry.

THERAPEUTIC COVERAGE

Where our actives are used.

Six therapeutic and formulation areas across human and animal health. Each card names the platform and active concerned.

 01 Allergy & Dermatology Topical and oral antipruritic and antiallergic products. KEY PRODUCTS Dimethindene maleate	 01 Rheumatology Intra-articular corticosteroid injectables. KEY PRODUCTS Triamcinolone hexacetonide	 01 Gastroenterology Oral prokinetic dosage forms. KEY PRODUCTS Prucalopride, prucalopride succinate
 01 Anaesthesia Induction agents for hospital injectables. KEY PRODUCTS Etomidate	 01 Topical Analgesics Balms, sprays and transdermal preparations. KEY PRODUCTS Methyl salicylate	 02 Animal Health & Feed Veterinary formulations and feed premixes. KEY PRODUCTS Halquinol 98%, 60% and 12.5%

PORTFOLIO AT A GLANCE

Find your products in thirty seconds.

Start from what you make. Find your business in the second column; each active's page gives its standard, therapeutic class and supply route.

ACTIVE	WHO BUYS	WHAT THEY USE IT FOR	SUPPLY ROUTE · STANDARD
01 Dimethindene Maleate	Dermatology & allergy formulators	Antipruritic gels and oral antiallergics	Established supply · IP / BP
01 Triamcinolone Hexacetonide	Sterile injectable manufacturers	Intra-articular corticosteroid injections	Sourced on enquiry · USP / EP
01 Prucalopride	Generic formulation developers	Development work and salt preparation	Sourced on enquiry · In-house
01 Prucalopride Succinate	Oral solid-dose manufacturers	Prokinetic tablets	Sourced on enquiry · In-house
01 Etomidate	Hospital injectable manufacturers	Induction of anaesthesia	Sourced on enquiry · USP / EP
01 Methyl Salicylate	OTC topical manufacturers	Balms, sprays and patches	Sourced on enquiry · IP / BP
02 Halquinol 98%	Veterinary formulators	Veterinary antibacterial formulations	Established supply · BP (Vet)
02 Halquinol 60%	Premix manufacturers	Premixes for compound feed	Established supply · Feed grade
02 Halquinol 12.5%	Feed mills	Direct inclusion in finished feed	Established supply · Feed grade

NOT SURE WHICH FITS?

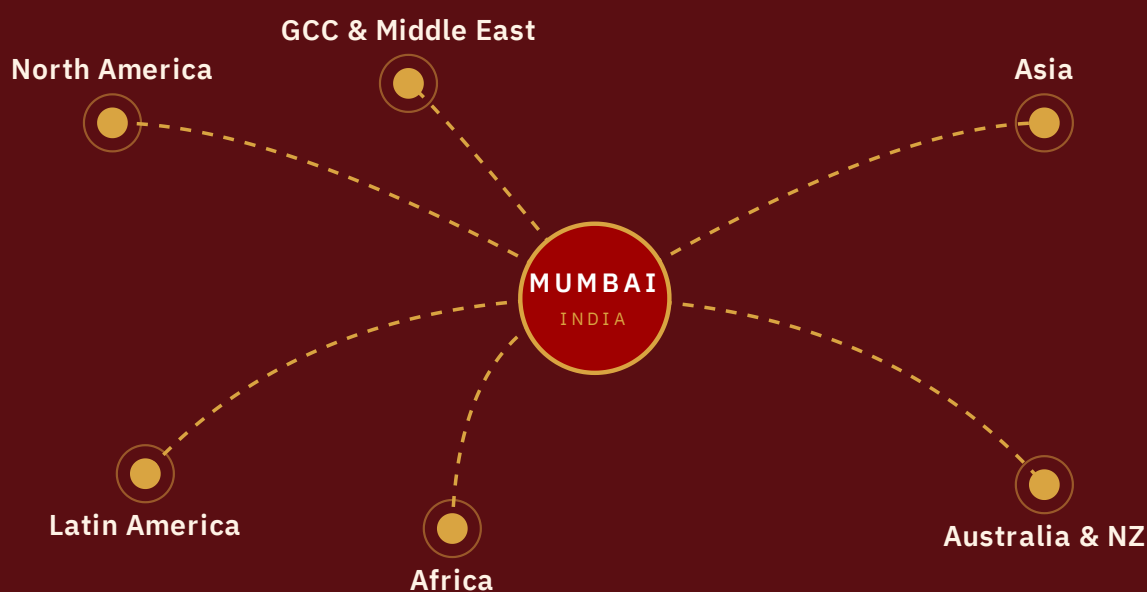

Tell us what you make and the problem you are solving. We will point you to the right products, or tell you plainly if the answer is outside our range. hritikp@hritikchemical.com

INTERNATIONAL FOOTPRINT

Built to ship from Mumbai to your port.

Our export programme is focused on six regions. For each, we confirm the standard, import licensing and registration position for the active before commercial terms are agreed.

GCC & Middle East

UAE, Saudi Arabia, Oman, Qatar, Kuwait, Bahrain, Jordan, Egypt

Import permit and registration position for the destination confirmed before commercial terms are agreed.

Africa

North, East, West and Southern Africa

Destination regulatory and pre-shipment inspection requirements confirmed before dispatch.

Asia

Japan, South-East Asia, Bangladesh, Sri Lanka, Central Asia

Pharmacopoeial standard and import licensing checked against the destination before quoting.

North America

United States, Canada, Mexico

Regulatory filing position and import requirements stated at enquiry, before an offer.

Latin America

Brazil, Argentina, Colombia, Ecuador, Peru, Bolivia, Venezuela

Destination registration and documentation requirements confirmed before dispatch.

Australia & New Zealand

Australia, New Zealand

Import and registration requirements for the active confirmed before quoting.

ORIGIN

India

PORT OF LOADING

Nhava Sheva (JNPT), Mumbai

TERMS

FOB, CFR, CIF; others on request

PACKING

UN-approved where required

COMPLETE LISTING

Product Index

All nine actives across the two platforms, with CAS numbers, standard and supply route.

ACTIVE	STANDARD	SUPPLY ROUTE	CAS NO.
Dimethindene Maleate	IP / BP	Established	3614-69-5
Triamcinolone Hexacetonide	USP / EP	On enquiry	5611-51-8
Prucalopride	In-house	On enquiry	179474-81-8
Prucalopride Succinate	In-house	On enquiry	179474-85-2
Etomidate	USP / EP	On enquiry	33125-97-2
Methyl Salicylate	IP / BP	On enquiry	119-36-8
Halquinol 98%	BP (Vet)	Established	8067-69-4
Halquinol 60%	Feed grade	Established	8067-69-4
Halquinol 12.5%	Feed grade	Established	8067-69-4

ABOUT THE CAS NUMBERS

The three halquinol grades share one CAS number because they are the same active at different strengths; the feed grades are diluted on a carrier. Salt forms carry their own registry number, as shown for prucalopride and its succinate.

01

6 ACTIVES

Active Pharmaceutical Ingredients

A focused range of human health actives, with documentation released before commercial terms are agreed. Where a monograph applies, material is supplied against the standard shown.

Dimethindene Maleate

3614-69-5

IP / BP

ANTI-HISTAMINE

ESTABLISHED SUPPLY

First-generation H1 receptor antagonist used in topical and oral antipruritic and antiallergic formulations.

Who buys: Dermatology & allergy formulators

Triamcinolone Hexacetonide

5611-51-8

USP / EP

CORTICOSTEROID

SOURCED ON ENQUIRY

Long-acting synthetic glucocorticoid, supplied principally for intra-articular injectable formulations.

Who buys: Sterile injectable manufacturers

Prucalopride

179474-81-8

IN-HOUSE

PROKINETIC

SOURCED ON ENQUIRY

Selective 5-HT4 receptor agonist. Free base, supplied for formulation development and salt preparation.

Who buys: Generic formulation developers

Prucalopride Succinate

179474-85-2

IN-HOUSE

PROKINETIC

SOURCED ON ENQUIRY

Succinate salt of prucalopride, the form used in finished oral dosage manufacture.

Who buys: Oral solid-dose manufacturers

Etomidate

33125-97-2

USP / EP

ANAESTHETIC

SOURCED ON ENQUIRY

Short-acting non-barbiturate hypnotic for induction of general anaesthesia.

Who buys: Hospital injectable manufacturers

Methyl Salicylate

119-36-8

IP / BP

TOPICAL ANALGESIC

SOURCED ON ENQUIRY

Counterirritant and topical analgesic used in balms, sprays and transdermal preparations.

Who buys: OTC topical manufacturers

Supply route. *Established supply* marks actives with a named, qualified manufacturing partner already in place. *Sourced on enquiry* marks actives we source against your specification; the manufacturing partner, documentation package and lead time are confirmed before commercial terms are agreed.

02

3 GRADES

Veterinary & Animal Health Actives

Veterinary actives are held as a separate line. The registration pathway, permitted inclusion rates and residue requirements differ from human pharmaceutical supply, and so does the documentation package.

Halquinol 98%

8067-69-4

BP (VET)

ANTIBACTERIAL

ESTABLISHED SUPPLY

Pharmaceutical grade. Mixture of chlorinated 8-hydroxyquinolines used as an antibacterial and antiprotozoal in veterinary formulations.

Who buys: Veterinary formulators

Halquinol 60%

8067-69-4

FEED GRADE

ANTIBACTERIAL

ESTABLISHED SUPPLY

Concentrated feed grade for premix manufacture and onward dilution into compound feed.

Who buys: Premix manufacturers

Halquinol 12.5%

8067-69-4

FEED GRADE

ANTIBACTERIAL

ESTABLISHED SUPPLY

Diluted feed grade supplied ready for direct inclusion in finished feed at label rates.

Who buys: Feed mills

REGULATORY NOTE

Veterinary and feed-additive actives are subject to destination-market registration and to maximum residue limits that vary by species and jurisdiction. Halquinol is not authorised as a feed additive in some markets, including the EU. We confirm the permitted status for your market before quoting.

SUPPLY ASSURANCE

What is delivered with every order

Documents

Certificate of Analysis released against every consignment. Specification sheet and Safety Data Sheet issued at enquiry, before you commit. Grade, assay, packing and lead time are quoted against your specification.

Packing

UN-approved packaging where required by applicable transport regulations. Fibre drums, HDPE drums, carboys and IBCs are selected according to product, destination and applicable hazard classification. Packing is confirmed on the offer, not after.

Shipping

Flexible international shipping arranged to customer requirements.

Compliance

Export documentation, dangerous goods declarations and destination import requirements handled before dispatch.

Controlled goods

We do not supply SCOMET-listed or Australia Group controlled chemicals without the required licence, and we identify at enquiry whether a product falls into that category.

REGULATORY NOTE

Actives are supplied against the pharmacopoeial standard shown where a monograph applies. Destination-market registration, permitted inclusion rates and residue limits are confirmed before quoting.

LOOKING FOR SOMETHING NOT LISTED?

Send us your specification.

We will assess whether the active can be supplied, to what standard, and how long qualification would take. Our range is deliberately narrow and we will tell you honestly where a molecule sits.

SUBMIT A SPECIFICATION →

REQUEST A QUOTE

One email is enough to start.

Include the seven details below and our first reply can carry the specification sheet, Safety Data Sheet and a firm offer, with no round of follow-up questions.

1

Active and standard

Name, CAS number and monograph (IP, BP, USP, EP)

2

Key limits

Assay, impurities and particle size that matter to you

3

Quantity

Validation batch and expected annual volume

4

Documents

COA, DMF or regulatory package you need

5

Destination

Country and port of discharge

6

Incoterm

FOB, CFR, CIF or other

7

Registration

Import licence or registration in your market

WHAT HAPPENS NEXT

We review

your specification against our partner network and confirm what can be supplied.

You receive

the specification sheet and SDS, and an evaluation sample where needed.

We quote

price, packing, lead time and Incoterm, with regulatory status for your market.

We ship

with a Certificate of Analysis released against your batch.
